Cardinals Spring Training Tour is a Homerun!

For 21 Years... DIRECTIONS Tours has enjoyed taking Cards Fans to Cardinals Spring Training in Florida!

Spring Training begins in beautiful Jupiter, Florida in February of 2022. It is an experience for any true baseball fan of any age! The St.

Louis Cardinals play at Roger Dean Chevrolet Stadium, named after Roger H. Dean, proprietor of Roger Dean Automobiles – one of the first Mega Dealerships in Florida. The business has held the naming rights to the stadium since opening.

Roger Dean Chevrolet Stadium is simply a favorite Spring Training facility in the country for its location, seating, and size! The stadium only holds 6,871 people, which makes every seat in the park a "home run" with elbow room and great views! The intimate feel of this stadium surrounds you and team players are almost within reach! It is as if you are sitting at a high school/college sports event with the big leagues. The Roger Dean Stadium Complex is the only stadium in the

country to host four minor league teams and host two major league teams – that being our Cardinals and the Miami Marlins. Not to worry though, Cardinal red takes over this venue by far and St. Louisans can be proud to call Jupiter the winter home of "Cardinal Nation"!

Right before the stadium debut in 1998, DIRECTIONS Tours was privileged to take a tour of the construction site that would soon grace baseball fans from all over. Today, the stadium is surrounded with lush foliage and landscaping, parking facilities, restaurants, and shops. In addition, Florida's Atlantic University would grace the property next door within a few years after the stadium was completed. The new Alcoa neighborhood would rise with

residential homes, apartments and condos making the stadium district active year-round.

Joining DIRECTIONS Tours allows our guests easy access in/out of the stadium, camaraderie with fellow Cardinal fans and an inclusive tour package that allows relaxation and comfort throughout. Many travelers make Spring Training an annual event and vacation.

Our group accommodations are at the Hawthorne Suites Hotel, the #1 hotel accommodations by TripAdvisor in West Palm Beach! We offer our Spring Training package as a flight or motorcoach option depending on your time and transportation preference. We hope you can join us on this annual fun and exciting tour to Florida in 2022!

Get Up-Close & Personal with the Players

"Let's Go Cardinals... Let's Go!" is a familiar cry by the fans in St. Louis every year, and it follows the Red Birds south to their Spring Training home in Jupiter, Florida. The Cardinals are gearing up with many new names and faces on the roster. Fans can get to know the new players and see their favorites returning.

Spring Training allows fans not only to familiarize themselves with the new players; it is also a fantastic opportunity to get up close and personal with them as well. Roger

Dean Stadium is one of the best stadiums to have a personal contact and view of your favorite guys on the field. Any seat in the stadium gives fans the closest seats to the action than any Spring Training facility in Florida.

If that is not close enough, enjoy taking in one of the six practice fields behind the stadium prior to a game! Players are much more accommodating during Spring Training when it comes to signing autographs. Get there early and be prepared to stand on the sidelines during practice.

Players usually enjoy chatting with fans and signing autographs just after practices prior to the actual game.

Watch for familiar faces in the crowd too. Many Red Bird players enjoy watching the games on their days off the field. They, too, enjoy the games in the stands and are usually friendly to sign autographs or shake your hand.

To make the most of your up close and personal time with players remember these tips:

- Arrive early for practices located

behind the stadium.

- Bring something you want signed, i/e: jersey, hat, ball, photo, card or something to write on.
- Have a Sharpie (or similar) permanent black marker (the players will not have one).
- Be respectful to your fellow fans and limit your time with a player and always let the kids go first!
- Be respectful to the players, remember that they are working and may not always have time to sign autographs and chat.

On September 17, 1901, the Grand Canyon Railway made its first journey to the Grand Canyon. Since then, it has enchanted millions of people from all over the world. The story of our railway is almost as dramatic as the spectacular surroundings.

The train, whose fate seemed sealed when it was shut down back in 1968 due to the popularity of automobiles, is now responsible for keeping approximately 50,000 cars outside of a national treasure. By traveling aboard Grand Canyon Railway, you are not only part of history in the

making, you are also doing your part to help preserve the pristine, incredible beauty of Grand Canyon National Park.

Since the first train in 1901, notable passengers to ride the Grand Canyon Railway include Theodore Roosevelt, William Howard Taft, John Muir, Franklin Delano Roosevelt, Dwight D. Eisenhower, Clark Gable, Jimmy Durante, Doris Day, Warren Buffet, and Bill Gates.

Now it is your turn to experience the Grand Canyon National Park aboard this scenic and relaxing train ride!

NIGHTS #1: GRAND RAPIDS, MI NIGHT #2-3: MACKINAC ISLAND GRAND HOTEL NIGHT #4: ELKHART, IN

Join us as we travel to Northern Michigan and the crossing of the Mackinac Straights where the Upper Peninsula of the state meets the lower. Here is where the two Great Lakes of Michigan and Huron connect and we find the beautiful lakeside village of Mackinaw City (spelled Mackinaw). It is also where we board the passenger ferry over to Mackinac Island. This is such a beautiful crossing of Lake Huron, indoor seating or for those who love the wind in their hair, there is outdoor seating atop the ferry for the twenty minute crossing. It is always

a great pleasure to approach Mackinac Island, as she is a gem to gaze upon from the waters.

Welcome to Mackinac Island! Here, there are no motorized vehicles allowed on this pristine 3.8 mile island. Mackinac Island once served as a strategic point for the Great Lakes fur trade and later the British established Fort Mackinac on the island during the American Revolutionary War. The Fort still stands today and is open for tours which include costumed docents and battle recreations.

Mackinac Island first became a popular vacation

resort destination for the very wealthy in the late 19th century and the entire island is now listed as a National Historic Landmark. Travelers are wooed by the architecture, gardens, galleries, restaurants, history, natural beauty, and the 8 mile bicycling trail that follows the island's perimeter. The Village main streets are filled with wonderful shops, cafes and fudge shops and tourists are known as "fudgies"!

The natural beauty of the island is best experienced by horse-drawn carriage. Narrated carriage tours are always a highlight as the horses make their

way through the heavily wooded areas, past the fort, and over to a scenic lookout of a natural carved arch that overlooks the water. The lilacs that drench the island are thick and sweetly scent the air!

Your Tour Vacation includes two nights at the majestic Grand Hotel which first opened in 1887. It is the Island's most predominant focal point. The hotel features 386 guest rooms, none of which are alike and boasts the world's largest front porch.

We hope you can join us on this beautiful Summertime tour!

Preparing for your tour vacation:

DIRECTIONS LLC
tours

◆ **We have included Cancellation Protection** In 2021 and 2022, all our guests can book travel with confidence! Our “peace of mind” Cancellation Protection plan [included on all flight and motorcoach tours now and throughout 2022] protects you in case of any emergency prior to departure (See inside back cover for more information).

◆ **Pre-Tour Health and Safety Questionnaire** We require all travelers to complete a Health and Safety Questionnaire prior to departure.

◆ **Covid-19 Vaccinations / Testing** As we navigate the changing landscape of requirements and protocols in travel, we are finding that many destinations, places, and businesses we visit have increasingly required that all visitors/customers be vaccinated and/or have a negative test prior to visiting. We find the need to simplify things for our guests, our employees, and travel partners to continue traveling without delays, cancellations or worry. Moving forward, DIRECTIONS Tours guests must EITHER be Fully Vaccinated OR provide proof of a Negative COVID-19 rapid test result taken within 3 days of their tour departure date. For our Unvaccinated Guests: Rapid Testing can be done at many locations (pharmacies/Urgent Cares/ Medical Buildings) and now at many Rapid Testing drive-thru locations [call us if you need help finding a location]. Most Rapid Testing Sites are offering free tests and results. In addition, insurance plans (full or supplemental) and/or Medicare Part B plans will pay for your Rapid Testing. If you are Fully Vaccinated, you do not need to test for Covid-19 prior to your tour.

Please note: Guests are required to bring their CDC COVID-19 Vaccination Record Card or their Negative Covid-19 Rapid Test result on their departure date in the event it is needed to be presented to any government or supplier requiring it during your tour. Thank you for your cooperation and understanding.

Upon departure and while on tour:

◆ **Smaller Groups** We will continue to have smaller group tours now and throughout 2022. Keeping our groups smaller will accommodate a healthier and safer environment onboard. We will operate our new state-of-the-art motorcoaches and caravans with many empty seats onboard to ensure comfort and relaxation.

◆ **Social Distancing** We will continue to encourage travelers to respect social distancing guidelines along the way.

◆ **Guest Responsibility and Face Coverings** We also need your assistance and responsibility to maintain our commitment to a safe environment and successful tour vacation. Your own health priority will ensure you and your fellow travel guests safety. We ask that you adhere to our outlined health and safety protocols, including washing your hands frequently, wearing a face covering (when needed, mandated, or asked to do so), and using hand sanitizers throughout your tour.

◆ **Transportation Cleaning** Our state-of-the-art motorcoaches offer the finest onboard amenities. Our motorcoaches are professionally cleaned and disinfected prior to every departure (above and beyond the American Bus Association and Federal Transportation Administration guidelines) and disinfected inside along the way by your Driver and Tour Director(s). *If your Tour Vacation includes Air Travel, our preferred airline is Southwest Airlines and will be used on most domestic air travel tours (whenever possible). All airlines are also following strict health safety protocols and will be outlined prior to your departure.

◆ **Clean Accommodations** All accommodations while on tour have been vetted by us for your safety. Hotel protocols must include deep-cleaning, regular disinfecting and overall health and safety consciousness. We are proud to continue our partnership with St. Louis-based and owned, Drury Hotels®. Drury Hotels® has been awarded 14 consecutive “Highest in Guest Satisfaction Among Upper Midscale Hotel Chains” by J.D. Power, and their cleanliness exceeds travelers’ expectations, now more than ever. Drury Hotels® will always be our first hotel choice wherever possible.

◆ **Attractions, Meals and Itinerary Protocols** Your tour destinations, attractions and other inclusions have been carefully selected and added to your itinerary. All destinations offered have been selected with your personal safety in mind (less crowded locations and less congregated places). In some areas, we will have meals catered to achieve our safety measures.

◆ **DIRECTIONS Staff, Tour Directors and Resident Drivers** Your Tour Directors and Resident Drivers are fully vaccinated and following strict protocols for our guest’s health safety (and theirs). All DIRECTIONS Tours employees are mandated to be vaccinated against Covid-19 by our company travel liability insurance.

We Thank **YOU** for traveling Safe and Responsibly and we are ready to welcome you!
