TRAVEL

we're all in this together

DIRECTIONS Tours™, **Altair Travel and Cruises**, and **Drury Hotels®** are excited to come together and form *St. Louis' Lead Travel Partnership* to move our travelers and businesses forward during these “new normal” times. With this partnership, we proudly are bringing the power, expertise, knowledge and innovative travel ideas and concepts together of three established and reputable St. Louis based companies. In doing so, we feel we will provide unmatched new safe and responsible travel experiences to “Reboot Travel in 2020” and beyond!

WHEN? WHERE? AND HOW? IS IT SAFE TO TRAVEL AGAIN?

When? This is the biggest “uncertain” question we have had to consider. We continue to follow the data and reopening of business and commerce across the country.

Based on those projections, we have formatted our travel “reboot” timeline.

Where? Every travel experience we are offering are to destinations that we have researched and are working with to maintain social distance, cleanliness, small private groups and more inclusions.

How? Travel is our business, and now, more than ever, we must move forward “differently” to provide our customers opportunities to travel more SAFELY and RESPONSIBLY!

We are calling it “**Social Distancing Travel**”.

WHAT IS “SOCIAL DISTANCING TRAVEL”?

Traveling Safely, Responsibly and Respectfully! In order for us to provide these amazing travel packages, our participating travelers must be willing to maintain our tour's social distancing requirements and responsibilities to ensure everyone a fun, exciting and relaxing tour vacation.

These new Overnight and Day Trip's offered will begin in mid-September this year and include:

1) No Flying! We know the airlines are doing their best to keep the flying public safe, however, we understand that most travelers are not yet comfortable with the airplane cleaning logistics, crowding of airports and security procedures. **DIRECTIONS Tours** provides new state-of-the-art motorcoaches that offer the finest onboard amenities such as; WIFI, AC plugs/seat charging portals, comfortable seats and smooth ride. The motorcoach will be professionally cleaned and disinfected prior to every departure (following the American Bus Association and Federal Transportation Administration guidelines) and also disinfected inside at EVERY stop along the way.

2) Limiting our tour packages to only 16 travelers onboard per tour vacation! Our transportation accommodates 56 seats total - in which we will only accommodate 16 seats and passengers. Travelers will be seated with no one next to, across from, in front of or behind them (excluding couples), providing two full seats between fellow travelers - well beyond the required 6 feet distance recommendation by the CDC.

3) Clean, Fresh and Safe Accommodations! **Drury Hotels®** has been awarded 14 consecutive “Highest in Guest Satisfaction Among Upper Midscale Hotel Chains” by J.D. Power. St. Louis based and owned, **Drury Hotels** cleanliness exceeds travelers expectations, and now more than ever.

The Road From Here...

To all our DIRECTIONS Traveling family:
Linda and I want you to know we have tried to stay active during this time. We welcomed a new addition to our family just as this pandemic struck, our fourth grandchild. We have been creating paths through our woods on our property and building foot bridges across ravines. Lots of reorganizing and cleaning have taken place in and around the house. Our idea of going out to eat was to take the camper to Treloar, Missouri to my brothers' bar. We set up the camper, ordered food, picked it up then ate in the camper. It was fun just to go somewhere! We hope everyone is staying safe and we will get back together for more adventures in the not too distant future. All our Love to everyone,
VINCE AND LINDA

Hello Travelers....
This quarantine has been tough on all of us no matter what! My husband and I have a couple of acres and he has a workshop. We have spent most of our time cleaning up the yard, planting our yearly garden and finishing up projects that have been started (and not finished). It's hard for me to sit still, I even bought a book to read (I like Nickolas Sparks) but I don't even sit long enough to read it. I sure miss being in the office... talking to our travelers, working with my work buddies, seeing the mailman, posting and mailing out our trips, it's been a very positive part of my life. I am being patient because I know we will be back in the swing of things soon. I will take a trip soon with DIRECTIONS just to be with you all! I do hope that all our traveling family is staying healthy. Hang in there... we are all in this together!
JULIE AND MIKE

Hello to our wonderful DIRECTIONS Travelers!
After being cooped up with three teenaged children, I am ready to come back to work and get life back to "normal" (whatever that means) hehe! Thank God for Boone, my dog, that has helped keep my sanity! Oh, did I mention that my husband has also been working from home! Insert Boone once again! No really, we have been blessed with good health thus far and hope to continue healthy and safe. I love my family, and overall, I'm surprised at how well we have done with all being together and also taking on the homeschooling challenge. I hope and pray that you, too, are safe and healthy. I can't wait to answer the phone and hear some familiar and new voices. Here's to turning around 2020 and having a joyous summer!
MEGAN

Hello DIRECTIONS Travelers!
I know this quarantine is a new experience for us all, and getting used to this "new normal" hasn't been easy. One thing I have enjoyed about being home is that it has forced me to become more creative, and develop new hobbies. I have also been able to spend more time with my husband, which has been nice since I'm newly married... it's like an extended honeymoon for us. Since this has all started, I have been missing travel more and more each day. Getting back into traveling this year is going to be so exciting, and I can't wait to help you schedule your next adventure with us! Stay Healthy and Happy!
ALAINA

Hi Wonderful DIRECTIONS Travelers!
The stay at home order has been a difficult time. Not only is my Tour Director position with DIRECTIONS on hold, my salon was also forced to close temporarily as well. I was fortunate enough to secure seasonal work through a friend which helped. I spent most of my "off" time helping them package & ship items. I feel very blessed to have my health, family, friends & two fun and awesome dogs! So, needless to say, I've kept busy. I am enjoying the beautiful weather & working in my gardens today! I hope all of you have something to enjoy until we meet again. I look forward to traveling and CANNOT wait to see all your beautiful smiling faces of our DIRECTIONS Staff & Travelers! Until we meet again soon... stay safe and healthy!
KRYSTAL

Hello Friends and Travelers!

Since the pandemic quieted our world, all of our lives have been changed. While there is so much I miss – seeing your smiles on tours, finding an historic document in the basement of City Hall or exploring an historic building – my husband and I have been enjoying our relaxed, spring walks. We are appreciating our City Parks more than ever. Though the park roads were closed to cars, the trails were open for runners, cyclers and hikers. We have enjoyed exploring the trails in lush Carondelet Park, Victorian-era Tower Grove Park, spectacular Forest Park, delightful Francis Park and historic Lafayette Park. I've been working on a new book – *Oldest St. Louis*. And this fall, when the book comes out, we will be touring many of the dozens of sites featured in the book! So now I am looking forward to when we can again share and enjoy the road again!

H E L L O... DIRECTIONS family!

Wow, it has been almost 2-1/2 months since I traveled with our last tour group to Maui, Hawaii! IT SEEMS MORE LIKE 2-1/2 YEARS!! I am so happy for the memories of being together with all of you in that beautiful paradise in March. I hope this Special Edition of our tour catalog finds each of you and yours safe, well and happy. We have all been working from home and it has been a very strange adjustment for sure. When not working on DIRECTIONS projects and talking with some of you (which I love doing), I have been busy with carpentry work on a wall and creating a new study. It was quite an undertaking that I started over a year ago and now it is finally complete, so I no longer need to work from my home office at the dining room table! I have also been volunteering (taking all social distancing measures with mask, gloves and hand washing) at Trinity Church food pantry in the Central West End. The number of people in need of food and toiletries in this time of uncertainty is astounding. I am so looking forward to when we can all be together again. In the meantime, please stay healthy and safe so we can travel to all those places that we have been dreaming of on our bucket lists!

All my best!
Debbie

Hello Everyone!

It was just February and I was sailing the beautiful Caribbean with some of you and the next thing I remember, we are in lock-down mode! How quickly the world changed and it really makes me realize how truly LUCKY we as Americans are. My son is still in lock-down in the hard hit country of Spain where he ended his third year of college - through classes and lessons on the computer. I hope he will be able to get home this Summer with the international travel bans in place. I remain cautiously optimistic! During the time at home I have decided to majorly downsize and free myself of a lot of old "junk" and "treasures" too. In doing so, I found photos of tours from 26 years ago when I first started directing tours around the country and the globe. I think I was only 12 then LOL! Now, wait a minute - don't laugh, I saw many of you all in those photos too... and they were "real" photos - like the ones we took on film with flash cubes and had to get developed before you could see what we looked like! Oh the struggles LOL! As we push onward, the pandemic has really changed the way of living and in order for all of us to get back to a "new normal" we must go about life a little differently now - including how we will travel again. We have been hard at work navigating a new DIRECTION(S) and I hope you will call upon us here when you are ready to go again! Stay Safe and Healthy, and I know it will be soon... because I am getting very anxious to go anywhere - I know many of you feel the same! Let's Go Again Soon! Tod

PS: These two puppers have been keeping me company as always and say hello too! Miss Bella and Miss Lady.

When you are ready... we are here for you!
